LWIA #26 News

Formula Funding Methodology

WIOA Title IB Adult and Youth Data Factors

- One-third is based on the local area's relative share of the number of total unemployed in areas of substantial unemployment (ASUs) for the prior program year compared to the rest of the state;
- One-third is based on the local area's relative share of the excess number of unemployed for the prior program year (mathematical calculation based on the first component) compared to the rest of the state;
- One-third based on the local area's relative share of the number of economically disadvantaged adults or youth depending on the funding stream (a ten-year constant number from a special tabulation done by the US Census Bureau - American Community Survey) compared to the rest of the state

WIOA Title IB Dislocated Worker Data Factors

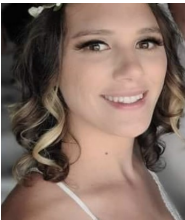

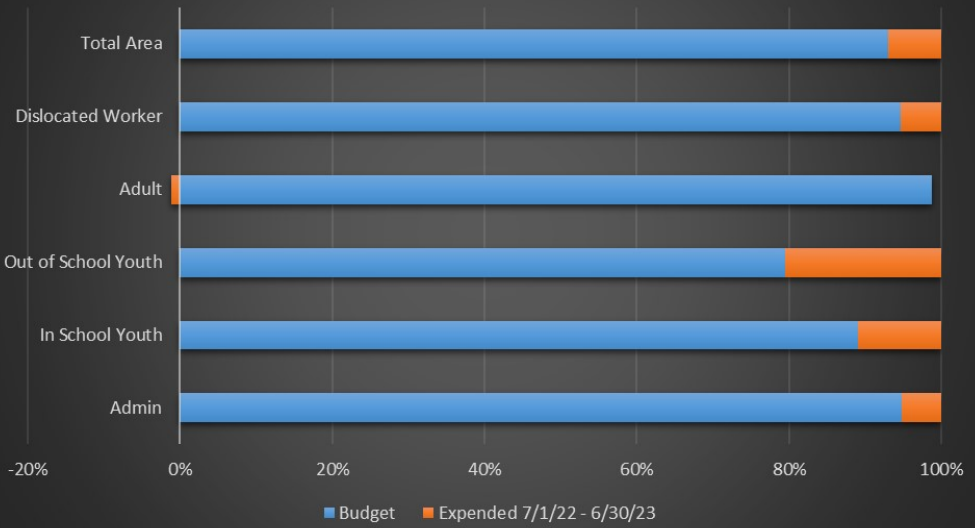

- One-fourth is based on the local area's relative share of total unemployed (UI claimants) for the previous calendar year compared to the rest of the state;
- One-fourth is based on the local area's relative share of unemployed in unemployment concentrations (local areas that contain counties with unemployment rates above the statewide average) for the previous program year compared to the rest of the state;
- One-fourth is based on the local area's relative share of declining industries (number of jobs lost within industries showing an employment loss from the first calendar quarter of the two most recent years) compared to the rest of the state; and
- One-fourth is based on the local area's relative share of long-term unemployed (UI claimant for 15 or more weeks) for the most recent calendar year compared to the rest of the state.

Area Budget with Expenditures to Date

In 2019, Jaden was a single mother of 3 children, who had the determination to achieve whatever she wanted. What she wanted was to become an RN. As I spoke with Jaden it became very clear that she had the intelligence, drive, desire and compassion to make a great RN! Plans were made for Jaden to attend Frontier Community College and WIOA funds to help her with tuition, books and all necessities to aid in her success.

While attending classes and clinicals, Jaden was a member of the Alpha Delta Nu honor program. Jaden became a true success story when she graduated with an Associates Degree in Nursing in May of 2021, on July 9, 2021; she began working at Fairfield Memorial Hospital as a Medical/Surgery Registered Nurse. In August of 2021, Jaden married Derek Rude, who is also a Registered Nurse employed at Wabash General Hospital in Mt. Carmel.

Angie Peyton

We would like to recognize Myqal Gallamore of Eldorado Illinois. Myqal has been in the WIOA program since 2020. He has showed great growth while utilizing the work experience he obtained from the City of Eldorado. Myqal hasn't had the easiest life. He comes from a broken home raised by a single mom, but that didn't stop his drive for hard work and perseverance. He went to work for Billy Bradley of the City of Eldorado. Our goal is to prepare kids to enter the workforce fulltime with the experience needed to provide for their family. Working for the city was a great match for Myqal. Billy is known for working with troubled youth and helping them achieve by seeing their full potential.

Myqal worked hard and excelled. He was with WIOA work experience 2 years and now is a full time employee with the City of Eldorado. Without WIOA and people like Billy that take the time and effort to give young adults a chance to see just how high they can soar, Myqal might not have received the same opportunity. Myqal helps pay it forward by mentoring and coaching new young troubled youth that comes to work for Billy in hopes he can help make a difference and help them succeed like he had.
